

## SSO 2025 CGSO Board Exam Virtual Review Course January 25, 2025

### **Description:**

This interactive online review course will provide updated information pertinent to complex general surgical oncology in preparation for the American Board of Surgery's CGSO certifying examination, including core knowledge presentations, oral board examination advice, and practical advice with feedback. Participants will also review updated NCCN algorithms and new/sentinel trials in surgical oncology.

The intended audience for this course is surgical oncology fellows and junior faculty. This course can also serve as a refresher for any interested surgical oncologist currently in practice. The course will take place online on Saturday, January 27, 2024, and all participants will have access to lecture recordings post-event for a limited time.

### **Schedule (Eastern Time Zone):**
