

INTERNATIONAL SCIENTIFIC CONFERENCE

Cancer in 2026:

From Diagnosis to Reconstruction

8 June 2026 · 14:00 – 19:00 · Aula A/B, Medical University of Warsaw

8 JUNE 2026

Monday

14:00 – 19:00

Aula A/B, WUM

FREE ADMISSION

Certificate of participation

ENGLISH & POLISH

Bilingual programme

ABOUT THE CONFERENCE

"Cancer in 2026: From Diagnosis to Reconstruction" is a multidisciplinary scientific conference dedicated to the full clinical journey of a cancer patient — from molecular diagnostics and personalised medicine, through cardio-oncology, dermatology, CAR-T immunotherapy, and breast oncology, to plastic and reconstructive surgery.

The conference is held under the patronage of the Rector of the Medical University of Warsaw, the Vice-Rector, the Dean, and leading Polish medical and academic institutions, supported by a Scientific Committee uniting experts from oncology and related fields essential to modern cancer care, including dermatology and cardio-oncology.

The programme is conducted bilingually (in Polish and English), and attendance is free of charge. The conference is addressed to medical students, CMKP trainees, junior physicians, and all those interested in modern multidisciplinary cancer care.

An integral part of the conference is the "Patient Voice" session, providing patient organisations with a space to present the patient perspective to future physicians and young clinicians.

INSTITUTIONAL PATRONAGES

Rector Prof. Rafał Marian Krenke — WUM	Vice-Rector Prof. Marek Kuch — WUM
• Prof. dr hab. n. med. Paweł Włodarski Dean, Faculty of Medicine, WUM • Dr hab. n. med. Jacek Sieńko Vice-Dean, Faculty of Medicine, English Division, WUM	PTOK — Polish Society of Clinical Oncology (Prof. Rutkowski)
PTD — Polish Society of Dermatology (Prof. Szepietowski)	PTK (Section of Cardio-Oncology)
NIO — National Cancer Institute	CMKP — Centre of Postgraduate Medical Education
STN WUM — Student Scientific Society	Koalicja OnkoZdrowia Kobiet

SCIENTIFIC COMMITTEE

Speaker / Professor	Affiliation	Specialty
Prof. Rafał Stec	WUM — Oncology	Clinical Oncology
Prof. Joanna Czuwara	WUM — Dermatology	Dermatology
Prof. Sebastian Szmit	CMKP	Cardio-Oncology
Prof. Piotr Rutkowski	NIO	Clinical & Surgical Oncology
Prof. Anna Czarnecka	NIO	Personalised Medicine & Molecular Diagnostics

CONFIRMED SPEAKERS		
Speaker	Affiliation	Topic
Prof. Anna M. Czarnecka	NIO	Personalised medicine and molecular diagnostics
Prof. Joanna Czuwara	WUM — Dermatology	Dermato-oncology — the dermatologist's role in cancer care, melanoma, dermoscopy, referral pathways [30 min]
Dr. Carolyn Szwed	WUM — Dermatology	Onco-dermatology — skin manifestations in systemic cancer treatment, with focus on targeted therapies and EGFR inhibitors [15 min]
Anna Jurga	WUM — Dermatology	Checkpoint inhibitor skin reactions — recognition, grading, and management of immune-related dermatologic adverse events [15 min]
Dr hab. Joanna Drożdż-Sokołowska	WUM — Hematology	CAR-T therapy in hematology
Dr. Semeniuk-Wojtaś	WUM — Oncology	Breast cancer
(CMKP / Orłowski)	Plastic Surgery Dept.	Plastic and reconstructive surgery
Prof. Sebastian Szmit	CMKP	When Cancer Therapy Meets the Heart: Mechanisms, Risks, and Real-Time Clinical Decisions

CONFERENCE PROGRAMME		
Time	Session	Speaker
14:00	Opening & Welcome	Sara Kareem Almustafa
14:15	Personalised medicine and molecular diagnostics	Prof. Czarnecka (NIO)
14:45	Dermato-oncology — the dermatologist's role in cancer care, melanoma, dermoscopy, referral pathways	Prof. Czuwara (WUM)
15:15	Onco-dermatology — skin manifestations in systemic treatment, EGFR inhibitors	Dr. Szwed (WUM)
15:35	Checkpoint inhibitor skin reactions — recognition, grading, and management	Jurga (WUM)
15:55	Coffee Break	
16:10	CAR-T cell therapy in hematology — mechanism, design, and clinical application	Dr. Drożdż-Sokołowska (WUM)
16:40	Breast cancer	Dr. Semeniuk-Wojtaś
17:10	Plastic and reconstructive surgery — Beyond the Scalpel	(CMKP / Orłowski)
17:40	Cardio-oncology — When Cancer Therapy Meets the Heart: Mechanisms, Risks, and Real-Time Clinical Decisions	Prof. Szmit (CMKP)
18:10	Interdisciplinary student research session	Moderator / Organiser
18:25	Patient Voice	OnkoCafe & Koalicja OnkoZdrowia Kobiet
18:40	Panel Discussion, Quiz & Certificates Where do our specialties intersect in real cancer care?	All speakers
19:00	Close	

Free admission · Open to all medical students and junior physicians · Register via Google Form or QR code
