

2026-2027 Value Task Force Charge

Purpose

The Value Task Force is responsible for exploring opportunities related to value-based care in surgical oncology, under the oversight of the Quality Committee.

Responsibilities

- Identify projects that may be appropriate for SSO to undertake;
- Identify topics of relevance pertaining to value-based care in surgical oncology;
- Identify formats that may be appropriate for SSO as an organization (i.e., task forces, external relationships, etc.);
- Identify the role SSO may play in value-based care on behalf of its membership; including types of initiatives that may be appropriate for SSO to undertake in the value-based care arena.

Composition/Appointments

- Chair: 3 years
- Vice-Chair: 1-year (appointed in 2026)
- Up to 15 members: 3 years, initially
- Board Liaison: 1 year

This Task Force was appointed for an initial period of 3 years, when it will be formalized into a full committee or sunset. If evolved into a committee, new member seats ending after the initial 3 years will be filled through the Application for Engagement. New members would be appointed by the President-Elect during the Application for Engagement, taking a wide range of factors into account: diversity of gender, race, geographical location, program size, and skillset, among others. New Vice Chairs would be selected from among current members or those whose 2-year term is ending.

Eligibility	Time Commitment	Staff Liaison
• Current SSO members with dues paid for 2026 • Commit to allocating time to effectively participate.	• 2-4 virtual meetings per year. • Additional hours per month to complete committee responsibilities. • Attend the Joint Committee Conference held at the SSO annual meeting.
